I know they will be welcome, as Gov & Mrs  
Meyers are very helpful in such instances.  
Mrs Meyers was a Red Cross Director  
in Pusan all during the war, you

Probably met her on several occasions because I used Millie and a few friends of hers over for dinner and she wouldnt come with Millie or Father Daniels, or you met her in Presan during the war years. Rest assured Mrs. Maynor will always help or will the Governor and his staff of which Verner is a member.

Take good care of yourself, All the best & you  
With best regards,

I have not made any hotel reservations, but I could suggest the Park Hotel in Knoxville where many former participants have stayed. In those portions where your arrival is after 8 pm in the evening I suggest that you make reservations in advance. In Albany, Hung, Ngu, Son, and Dong are currently staying at the International Center, 26 Willett Street, and if this turns out satisfactorily, you may wish to stay there yourselves. I have already written a letter to Mr. Blackburn of this organization to indicate your arrival there.

In Knoxville, you should report to the Information Office, Room 423, New Sprinkle Building. In this organization I have already contacted Mr. Shafer, who is Head of the Information Staff, for a program arranged according to your interest.

Regarding confirmation from Mr. Ellis Clough of the Department of Agriculture, you should tentatively plan on reporting to his office, Room 211 Escanaba Hall, 900 Independence Avenue, S.W., for the Washington program.

I believe you already have a copy of the person in Harrisburgh for the Harrisburgh portion of your trip. I have not yet received any answers from New York City, but hope that I may be able to pass along this information to you within the next week or two, and also feel confident that we will soon hear from Mr. Vermeulen's office in Trenton regarding your stay in Trenton.

I shall have to send you confirmation on the contacts I have made for Albany and Indianapolis.

I would very much appreciate a joint report of your activities in these various places, including an evaluation of their usefulness. Needless to say, it is urgent that I know where we may contact you in each of these cities. I would appreciate a note, so that we are in a position to forward your mail.

I shall send your international tickets and the Pullman reservations from Indianapolis to California in sufficient time. Also, I shall maintain regular contact and forward the necessary papers for income tax clearance and other informations as you go along.

I trust that you will have a pleasant, interesting, and useful trip, and if there is any way in which I can help you, please do not hesitate to drop me a line or call if it is urgent.

Knoxville, August 5, 1958

Miss Elsie,

I was very moved to have you at the airport, when I left Lansing. Thank you so much and be sure I never forget that.

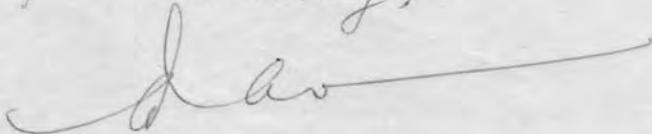

We arrived in Knoxville yesterday at 7:30 p.m. Our trip by bus was very pleasant. There are many hills, mountains and forests in the area and the sights are picturesque.

We are in the YMCA Hotel (rooms 243 and 206) It's very convenient because this hotel is not too far from the T.V.A. office, from the Post office and from a... Chinese restaurant.

This morning, we had contact with Mr. Shafer and saw a film relating the history of the T.V.A. In the afternoon, we visited with a representative of the T.V.A. the Loudoun Dam, a giant dam, about 25 miles from Knoxville, that our President had visited last year. The visit was very interesting and more interesting than I can say. Tomorrow, we'll discuss about the T.V.A. Budget. We'll leave Knoxville this Friday as scheduled and I'll send you my report after my arrival in this city.

Regarding my trip, I think that my plane ticket should be modified, because I have agreed with you that I'll go directly from Hong Kong to Saigon. If so, please make the necessary for me and I thank you in advance for it.

I'm always thinking of East Lansing  
Sincerely,

 Dan

Knoxville, August 6/1958

Today, we come again to the T.V.A. offices to examine some questions concerning the administrative organization and the budget of The T.V.A. and we will need you a short report about that.

Mr. Huynh Van Dao

Washington 25, D.C.

Dear Mr. Dao:

Thu has looked up the information on the article on the Japanese provincial taxes and here are the references:

Martin, B. and Kiichiro Kogiku, "The Aftermath of the Tax Reforms?" National Tax Journal, September 1957 and December 1957.

Possibly you might have an opportunity to find this information at the Library of Congress.

I have just received a letter from Mr. Gerosa, Controller of the City of New York, and he suggests that you contact his secretary at the following number upon your arrival in New York City. His correct address is : Finance Department, Main Office Municipal Building, Tel. Whitehall 3-3600, Ext. 3369. He said he would be most willing to receive you.

You have informed Mr. Thu to forward your mail to ICA/Washington and I am assuming that this means the Public Administration Division. However, I would like to remind you that ICA is a rather big organization and like many addresses you should be more specific, or you will run the risk of not receiving your mail.

I shall be looking forward to receiving reports following each of your visits concerning your activities in the various cities and would be pleased if you would include the information of your activities both directly related to your interest and also of a more general nature.

When we have your space confirmed it would only be necessary to go to PAA and have the necessary changes made.

Sincerely yours,

Elsie Cunningham

Please find enclosed your checks through the middle of August.

I have not yet answered Mr. Bronfenbrenner's letter, but when I do, I shall send you a copy. If you can indicate where Mr. Bronfenbrenner might get in touch with you either directly or indirectly, I am sure that this would be useful.

Please find the Pullman reservations for your trip from Indiana to Los Angeles.

We have recently heard that Mr. Vu Van Thai will be coming to the States for one month under USOM sponsorship. This is all the detail we have right now.

I trust that you are having an interesting and useful experience.

Miss Elsie,

I have received your letter and thank you very much for your recommendations. I read yesterday the two articles about Japanese provincial tax. They are very useful to me, chiefly when I'll be in Japan.

We were busy enough during our stay in Washington because out of our work in the Department of Agriculture, we had to go to different Ambassies to get the visas for our passports. We will leave Washington this evening.

I have sent a second box of books to Saigon by the medium of I. C. A. and herewith the list. I fled it

As to my mail, I think that the best way is to send to the office with which I will have contact.

Dear Messrs. Con and Dao:

I have spoken to Mr. David Bernstein, Research Director of the Citizen Budget Commission, 51 East 42nd Street, and he indicated that they had answered my request affirmatively. It seems that this letter was sent in a window envelope attached to the printed material that you received before you left here and must have been discarded in error before it reached my desk!

If you will call Murrayhill 7-1390 and ask to speak with Mr. Fava, he will be in charge of the office next week as both Mr. Leavens and Mr. Bernstein will be on vacation.

He has requested that I send additional information on what your interests are including some ideas of the kind of budget that you work with, particular problems that interest you, and more specific indications of your interests so that they will be in a better position to provide the best program for you.

I believe that you find yourselves quite busy while you are in New York as this will coincide with the long holiday week end over Labor Day. If you wish to make any plans for this week end, I suggest you do it early in the week, or you will probably be disappointed.

I am glad to hear that everything is going well.

Sincerely yours,

East Lansing.

I am very glad to hear from you, but very sorry to let you waiting for a long while to give you my answer. If Mr. Dao comes to Tokyo, I would be happy to meet him and give him any help which would make his stay in Japan most enjoyable. That would be wonderful if we have plenty of time to talk over about M.S.U. and our souvenirs up there. So, would you like to let me know when Mr. Dao is planning to come. Anyway, I'd to meet him at the Haneda Airport in Tokyo. Please advise him to call me at the Viet-Nam Embassy from the airport at his arrival. (Tel. No 37.6197) or at my home (Tel. 46-3462) if he is landing after office time.

It would be interesting to let you know that we had a wonderful time with Mrs. Geist when she came last time in Tokyo together with Harry and Greta. I was so happy to show her around in the city in my car I got recently from the U.S.A.

I know that Tokyo is not new for you in any way. But, if you have some opportunity to come back, we would be happy to meet you, and you would be sure to have a new friend, and to hear "M.S.U.'s shadow" at my house.

Sincerely yours

New York, August 24, 1958.

Miss Elsie Cunningham,  
we left Harrisburg Friday afternoon and arrived in New York city at 8:30 p.m. We are in Woodstock Hotel, 224 W, 43<sup>rd</sup> street. (rooms no 738 and 1238)

I received your letter of August 19 a day before leaving Harrisburg.

Before I left Lansing, I received a printed material from the Citizens Budget Commission (Statement by Mr Leavens before the city council), but I did not receive any letter from Mr. David Bernstein. I did not know his name before I received your letter but, I think it is not very important. By your letters of 8/9 and 8/8, I understand that ~~you~~ in New York City, you recommended us to contact:

1) Mr Fava at the Citizens Budget Commission

2) Mr. Gerosa, Controller of the city of New York.

We'll try to follow your recommendations. Besides, I'll try to meet Mr. Shoup, professor in the Columbia University.

difficult

We had a very pleasant sightseeing tour yesterday by boat and we'll take a short tour by bus today (Sunday).

As to my trip from Hongkong to Saigon I think it is better for me to get necessary changes on my plane ticket - so I prefer to pass by Manila as formerly scheduled and do not make any change on my itinerary. Please, inform in this way the travel service and thank you so much for it. I have already got the visa of the Embassy of the Philippines on my passport -

Miss Elsie Cunningham,

We had some free time in New York City and have visited many places in the city. We left New York City and went to Trenton yesterday (Sunday).

We are now in the "Hotel Jersey" 198 Broad Street, rooms 109 (Duo) and 112 (Con).

We'll visit tomorrow the Budget Division and try to see Mr. William J. Holman in the afternoon.

We'll leave Trenton for Albany next Saturday morning.

In New York City, we had some trouble about our checks. We could not cash our checks in any bank, because we don't have an account in the bank. I hope we'll not have the same difficulty in the States.

Besides, everything went well.

Sincerely yours,

Ad van

TRENTON, N. J.

Trenton, September 2nd 1958

Dear Miss Cunningham,

I send you here in my report on my activities in New-York City. Here, we could not see many things, because people in the city were too busy and it seemed they always received us hurriedly. However, we had a very good time in New-York for the reason that - as I said in my report - we saw here many interesting things which materialize the wonders of the United States.

We always are thinking of you.  
Very sincerely yours,

Miss

Albany, September 7, 1908

Miss Elsie Cunningham,

We left Trenton and arrived in Albany yesterday at 5.15 p.m. We are now in the International Central, 26 Willett Street. We have 4 days to stay here and will leave Albany next Wednesday afternoon as scheduled.

Your friend H. Holman in Trenton is a very nice man. I thank you so much for introducing us to him. We had dinner with him Friday evening and after dinner, we went with him to Lambertville (about 15 miles from Trenton) to see a very pleasant music circus.

I have cashed my checks easily in Trenton.

Left our train tickets and the Pullman reservations from

Indianapolis to Los Angeles, I  
confirm that we did not \*  
receive yet and hope to get  
them in Indianapolis before  
9/12.

Besides, everything went well.  
I often think of East Lansing  
and the nice Michigan State  
University.

Sincerely yours,

Tom

Mr. Vuong Hoa Duc  
Embassy of Vietnam  
Tokyo, Japan

Dear Mr. Duc:

Before Mr. Dao arrives in Tokyo Messrs. Vu Uyen Van and Tran Van Kien will be arriving on September 15th, PAA Flight 1.

I had already made arrangements for Mr. Kien to visit the Tokyo Institute for Municipal Research, but at the time I thought that Mr. Van might have to remain in the U.S. to accompany Mr. Vu Quoc Thong. Mr. Van will now be able to proceed according to his original schedule and will be with Mr. Kien in Tokyo.

If you have the opportunity to meet these gentlemen, I would very much appreciate it.

Sincerely yours,

Elsie Cunningham
