June 28-59.

Dear Elsie

I received your letter - re-lay today. Every thing was very peaceful and serene. For a little while I busied on the shipments to Saigon. I would like to know who thought that I advised the affected to "proceed" - For you and Stan, not to be quoted I'm pretty sure. They all were invited to send parcels to M.S.V. staff members in Saigon at least - they all indicated their intentions of doing just that. Bhang was going to send

I'm sure if you will give me the details and especially the dates as soon as you know: If you want me to call. drop a line and say when. If you must call me call Kuse Groey Stone. Eastport as have the State Police bring me the message.

If you send Lt Leim & Lt Saur I would suggest at least 3 days in Jeff City. They have ground to air & a good lay out including storm & weather.

Don't envy me too much. The mosquitos are do biting much better than the fish at present

Hello & all. and thanks for the check. I sent miller one.

an air conditioner and a washing machine. also. I don't know if any of the others sent packages or not.

In reference to Lt. Liem, I will be glad to work with him, if you can arrange the schedule so that I can be back here around the first of Oct. and provided Mrs. Neely does not ask as interpreter.

If you are sending some one other than Qundlett to Puerto Rico. I would like to make that end add.

The Col. S. K. Rauf in charge of the Police - he is a good friend of mine.

Dear Liem:

Last week I wrote to ICA for confirmation on the per diem rate allowed participants in Puerto Rico. Their answer indicates that you will receive only \$8.00 a day per diem while you are in Puerto Rico as you will remain more than 21 days. Since I had already calculated the per diem for August 7th through 15th at \$12.00 a day, there will be a deduction for the overpayment of \$4.00 a day. In addition, I had to submit per diem figures for August 16th through the 31st and here again I used the \$12.00 a day figure. You should therefore be prepared for a deduction of \$100.00 on your September allowance. I am sorry for this error but I was unable to ascertain immediately what the correct rate was.

Please find enclosed the itinerary we discussed in Mr. Sheinbaum's office. I had hoped to check with Mr. Gilbert of Detroit and Mr. Evans of the State Police before sending this to you, but I suspect that both of these gentlemen are attending the same conference as you.

Sincerely yours,

Elsie Cunningham  
Administrative Assistant

Mr. Rundlett:

Given the minimal amount of per diem that Liem will receive in Puerto Rico, I suggest that some attempt be made to find the most inexpensive housing.
