Dear Loc:

Please find enclosed your per diem check for the period from August 1st through the 15th. The figure of \$112.00 was arrived at by deducting the additional amount mistakenly included on your Washington per diem from the normal amount of \$180.00.

Also enclosed is a general newsletter to all participants.

I have an appointment with the repairman today who is coming to see what is wrong with my Hi Fi set.

Dear Loc:

Please find enclosed the bill sent to this office by College Travel for telephone calls in connection with your visas. Since these stopovers are not for program purposes, you will of course be responsible for the expenses in connection with your visas.

College Travel indicated that your passport was already back at the visa service with all of the necessary visas therein.

Dear Loc:

Please find enclosed a letter which I received this morning from the Institute of International Education in Denver. I would very much appreciate your communicating directly with Miss Blanc and therefore saving the necessity for additional delay, particularly as time is so short.

Sincerely yours,

Dear Miss Cunningham,

Thank you for the check for the period from August 1st through the 15. The amount of \$ 112.00 means a deduction of \$ 68 corresponding to 34 overpaid days at \$ 2.00 each.

In fact there were only 29 overpaid days ~~only~~ and the amount of deduction should be:

$$\$ 2.00 \times 29 = \$ 58.00 \text{ only}$$

When I was in Philadelphia, you sent me a check for the ~~to~~ period from 16th April through 30 which amounted \$ 172.00 only; this meant a deduction from the \$ 12 diem rate to the \$ 10. rate for the last 4 days of this month because my sojourn to Washington D.C. began the 27th of April -

Since I left Washington D.C. for N.Y. City on the Sunday 30th of May, the number of overpaid days was really 29 days instead of 34 as you have deducted.

You may have confirmation of these facts by reviewing your accounts for the month of April.

During our previous talk at East-Sausung I was shown the recency of the deduction and I agreed willingly with you.

Never then, I presume you could realize, 'Dear Miss Cunningham' that I cannot be overdeducted for the period I had got any overpaid. i.e. 5 days.

So will you, please, give the instructions in order to paid me back \$10. overdeducted and add them to my next check?

Thank you very much
Sincerely yours

Moangrandoe

P.S. I have just discovered in a music
shop the records I would like to
buy - so it is not necessary to
record that of Miss Kim Châu.

Dear Miss Cunningham,

I have not received copy of your
runner to Mr. Donnelly of the Cali-
fornia State Board in Sacramento
which was mentioned in your letter
of July 28 - with an extra-copy.

I presume that there should
be a material error in mailing -
so please send me this copy for
my further information.

As for the blank tape, may
I offer it to you for the purpose
of some future recording of some
new "pic-nic" which will be held
in Mr. Adamson's home?

Besides, I would like to be
informed about the situation of
the amount of extra-baggage
that the project was taken in
charge for us. Recently, Miss

Kiin - Cháu told me that the personal effects belonging to Mr. Finn and myself were shipped to Saigon a pretty long time ago, immediately after your return from Knoxville, last April.

About more 3 months have elapsed since this date and my wife has just written me to inform me that Mr. Waltmann from the M.S.V. advisory group in Saigon told her that nothing has yet arrived to Saigon.

Since the maximum period of shipping any item from the States to my country is about 2 months, sometimes, shorter, I am asking myself what happened to the parcel I have confided to the Project before I left the campus in last March.

So, will you please, dear Miss Cunningham, make the necessary inquiries and let me know their results at your earliest convenience.

The parcel contained nothing but records and pre-recorded tapes. It was the result of many months of research and collection and will have a great value for me who is particularly fond of classical music.

Thanks you very much

Sincerely yours

Dear Loc:

Thank you for your letter of July 30th. As you suggested, we omitted the letter to Mr. Donnelly by mistake. Please find it enclosed.

Also please find enclosed two letters which arrived here for you.

Although your personal effects left this office some time ago, they were not ready for shipment from Lansing until June 9th. I have checked with the shippers and these goods did not leave New York City until June 25th. As you will realize, this is not sufficient time for them to have arrived in Vietnam. These goods were shipped on the Pioneer King.

I am sure that Mrs. Adamson would be very pleased to have some Vietnamese songs on tape. Your gift will be very handy for this purpose.

The last trip by train from
Denver to Los Angeles took me
32 hours - and I am tired out

Dear Loc:

Please find enclosed your per diem check for the period from August 16th through the 31st. This includes the adjustment for the deduction we had made earlier considering the length of your stay in Washington, D.C. As you already know, this is your last per diem check.

I am sorry that the rail trip tired you so, but as you can imagine, it takes many more hours by surface than by air for such a long distance.

I trust that you were able to secure your passport with the necessary visas without difficulty in Chicago.

Enclosed also are two letters which have arrived here for you.

Sincerely yours,

Dear Loc:

Please find enclosed the bank statement from your account at the First National. I would suggest that you send them a change of address so that they might mail these to you directly. We have been specifically requested by M.S.U.G. to forward all participant mail through normal international mail channels rather than through their office.

I hope that you and your family are enjoying the Tet season. The participants here held their celebration last evening on campus.
