Dear Miss Cunningham,

I received your note and outline when I was leaving Jefferson City; I thank you for both.

As soon as I arrived at Phoenix, I started my report.

It was hard to do it under a 109° temperature, however I tried to finish for you have asked me so.

Please find enclosed here my hand writing report.

I also took this opportunity to send you an extra thanks for the several helps you gave me. Without those care I could not enjoy so much.

I hope one of those days, a new mission of higher importance will bring you to Vietnam; our government will take care for your hall and car, but I shall have the happiness to show you some interesting bits in Saigon City, the Jade of the Orient and in Hue, our old Capital.

At present time my duties remain me apart from Vietnam Project and your care, and in one more week, I shall leave your wonderful Country, but your humor and zest for duty, your wisdom and understanding.... these shall stay with me forever: You gave me everything any Chief could have done. You have earned our greatest esteem and this has minimized so much our nostalgia.

See you soon in Vietnam.

Sincerely,

H. TRAN ANH THO

Dear Tho:

Please find enclosed a letter which arrived in this office for you this morning. In the same mail I received your report and letter. Thank you very much for sending me this information. I am sure that it will be useful in arranging future field trips for participants as well as providing some insight into the relative value of various organizations for training purposes.

Sincerely yours,
