Dear Miss Elsie Cunningham

Many thanks for your letter, inquiring Mr. W. R. Gordon, Chief, Training and Resources Branch, Community Development Division, about lodging accommodations for me when at Michigan State.

I am taking a great liberty in writing to you on the following matter and going to ask you a very great favour. I should arrive at Michigan State on March 30, and should prefer to live in a house on campus that you are sure that it could be easily arranged.

Individually I appreciate your thoughtfulness. I thank you deeply.

Sincerely Yours

Dear Mr. Rawiwatanawongs:

I would like to suggest that if you arrive on March 29 or 30 that you spend one night at Kellogg Center which is located here on campus. The reason for this is due to the fact that the dormitory housing offices are only open during the normal work week, and I believe that it would be easier to complete the formalities on Monday - I shall assume that this is agreeable to you and make reservations for Kellogg Center for Sunday evening accordingly. One of the dormitories in the group directly across the street from Kellogg Center will provide the accommodations for Spring Quarter.

For your information and use I am enclosing a map of the campus. My office is located in Wells Hall A Room 1 and the telephone number is EDgewood 2-1511 extension 2222. I am looking forward to meeting you on Monday, March 24.

Sincerely yours,

Elsie Cunningham
