TO: Coordinator  
FROM: Elsie Cunningham  
SUBJECT: Visiting Dignitaries

Just to complete the story on last week's visitors please find attached the schedule that final evolved for Father Luan's visit. At the reception which included all the Vietnamese, former Saigon staff, Dr. Leichty of the English Department who will go to Saigon this fall on a Smith-Mundt grant and Georges Joyaux just returned from France, the 20 minute film made by U.S.I.S. on the University of Hue was shown.

As a footnote to Dr. Vy's visit a hasty meeting was arranged with Governor Williams (sans photographers) and he left at the crack of dawn on the 14th with the Guy Foxes to visit his sister at the University of Indiana - he has been in Washington this week so I guess he was not caught up in any of the floods that have swept Indiana.

Mr. Nguyen Phu Duc  
Embassy of Viet Nam  
2251 "R" Street, N.W.  
Washington, D.C.

Dear Mr. Duc:

Please find enclosed copies of the photographs taken during the recent visits to the campus of Father Luan and Dr. Vy.

I am afraid that things are so busy these days that I always have to call the Embassy for various bits and pieces but somehow none of business is in your department - in fact if I could find the least excuse I am also afraid that I now would like to pass by Washington - things are always too hectic and confused while I'm there.

In any case I have forwarded your letter to Kien who is now staying at the Y.M.C.A., 826 S. Wabash, Chicago until July 3.

Sincerely yours,

Elsie Cunningham
