Robbie froze and looked to Lamb as white as a ghost. Lamb tried to hit him in the head slap him anything to bring him back to the present mission. stood up. They were receiving heavy AW ground fire Kept getting louder & louder. They made a run and broke hard right at about 50'. Lamb had been drinking the night before and forgot his wallet that day. The ballet came through the bottom of the ship and lodged in his spine up through his ass. Still there.
