2/9/04

Dear Dick:

I got the schedule for the mini reunions and it's fine. I will be sending my registration into UHPA soon so I can be a sponsor again if we need one for guys that want to stay in the host hotel. It's a pretty fancy old hotel in Dallas. so other accomodations might be sought out by some of the people. I'm sure that the price of the hotel will be in line with anything else available in downtown Dallas but we'll see when the UHPA reunion registration comes out.

I'm sending you this copy of all of my 8mm movie films from the 1967-68 time frame. It's all there including my R&R's which won't mean much to anyone else but its now preserved for ever.

I have both a VHS Copy and a DVD original of this. We can show this at the reunion but our video of the 188th is really better and most of the good stuff from my film is already on our history.

Let me know how you like the history books... I went through the originals and now every graphic will be printed so that it will be bound up at the top of each page. They will all be uniformly bound at the side of a vertical print or the top of a horizontal print. I hope that is ok with you.

Sounds like the people at Campbell are ready to greet the division on it's Return. Better that than the welcome home I got.

Today is the 39th anniversary of the day I got shot and medevaced out of VN on the first tour. Time goes fast.

Take Care.

Jack
